## **Ally Accessibility Report Reports a File Not Linked to Course**

**Date Published:** May 30,2020 **Category:** Planned\_First\_Fix\_Release:Future\_Reference\_Learn; Product:Reporting\_Learn; Version:Learn\_9\_1\_3900\_0,Learn\_9\_1\_Q4\_2019,SaaS **Article No.:** 000059426

**Product:** Learn

**Release:** 9.1;SaaS

**Service Pack(s):** Learn 9.1, 3900.0.0, Learn 9.1 Q4 2019 (3800.0.0), SaaS

**Description:** A file which is not in the course or linked within the course can appear in the course accessibility report.

**Steps to Replicate:** 1. Log in as a system administrator  
2. Go to System Admin > **Courses**  
3. Search for and enter an affected course  
4. Go to Control Panel > **Course Tools** > **Accessibility Report**  
5. Locate issue "The document contains images without a description"

OBSERVED RESULT:

Report shows a file which does not appear to exist in course.

EXPECTED RESULT:

Report only shows course files.

**Patch Available:** No
