Description: Searching the Content Collection results in a maximum of 1000 results even if there are a greater number files or folders which match the search criteria.

Steps to Replicate:

1. Log into the Environment as a System Administrator
2. Navigate to the **System Admin Tab > Manage Content >**
3. Click on **Basic Search**
4. Search */courses* for something very common such as a single letter or a frequently used combination of letters

Expected Behavior:

There would be as many results as their are files/folders with matching criteria

Observed Behavior:

The search is limited to 1000 results
