Blackboard will be ending all support for Course Cartridges and will no longer be able to enter into any new Cartridge Distribution Agreements after June 30, 2019. Please review the original support bulletin below for details.

Original Bulletin (Published December 19, 2018):

Blackboard will be ending all support for the Course Cartridges by 12/31/2019.

Please be aware of the following:

- As of June 30, 2019, Blackboard will discontinue services for Course Cartridges and will no longer enter into any new Cartridge Distribution Agreements (“CDA’s”).
- Blackboard will continue to support content providers with unexpired CDA contracts through December 31, 2019.
- Content providers with CDA contracts that end during the spring semester have the option to sign an amendment with Blackboard to extend their contracts through June 30, 2019 (for an additional fee).
- The Blackboard team is available to discuss solutions for content delivery in a different format.
- At the completion of all CDA contracts, the Learn course option to “Import Course Cartridge” will be removed.
