Description: In the System Logs view, clicking on "Last Modified Date" in order to sort, will display the triangle icon in the opposite direction of the standard convention.

Steps to Replicate:

1. Log into Blackboard Learn as Administrator
2. Navigate to **System Admin** > **Logs** > **System Logs**
3. Click on **Last Modified Date** to sort ascending or descending

Expected Behavior:
The triangle icon is pointing in the direction along with the ascending or descending order.

Observed Behavior:
The triangle icon is not pointing in the direction along with the ascending or descending order.

Information: This behavior is only seen by Admins in the logs and does not impact functionality.
