Steps to Replicate:

1. Log into **Blackboard Learn Ultra Experience** as an administrator
2. Create an Ultra Course and give it a long name (more than 167 characters)
3. Access the outline of the course and observe how the name is presented

Observed Behavior:

The course name is centered and some characters on the edges are missing.

Expected Behavior:

The course name is aligned in accordance with the direction of reading in the used language pack.
