### Announcement Details:

Blackboard is pleased to announce the availability of release 1.7.17850 of Blackboard Drive for Windows V1.7 SP2 HF#3189.

Please submit a new support case to request access to this new release.

### Release Highlights:

- Renaming file in Windows Explorer becomes invisible.

### Known Issues:

- CopyHook is not working on Windows 10 1803 (build 17134.191) due to Windows bug. It causes download/upload of copied/moved files to client machine instead of server side copy/move. This issue would be resolved when Microsoft releases fix.

For a list of other known issues and a comprehensive history of resolved issues, please see the bundled release notes.
