Issue Description: Perusall LTI Tool Links are launching in an iframe instead of a new window.

Steps to Replicate:

1. Login to the Environment
2. Navigate to a Course
3. Create a Learning Module and Perusall LTI Tool Link
4. Set the LTI Link to "Open in a New Window"
5. Navigate to the Learning Module > LTI Tool Link

Expected Behavior:

The new window should load and display the Perusall LTI tool

Observed Behavior:

A new window loads with the the error "app.perusall.com refused to connect" inside of an iframe

Resolution/Workaround: Create the LTI tool link in the Course Content area and use it from there.

Target Release: Future Reference

Patch Available: No
