Article No.: 000056672

Product: Blackboard Learn

Release: 9.1;SaaS

Service Pack(s): Learn 9.1 Q2 2017 (3200.0.0), Learn 9.1 Q4 2017 (3300.0.0), Learn 9.1 Q4 2016 (3100.0.0-rel.107+401e, Learn October 2014 (9.1.201410.160373), SaaS, Learn 9.1 Q4 2015 (9.1.201510.1171621), Learn 9.1 Q2 2016 (3000.1.0-rel.52+991d)

Description: When using the Bb Learn 2016 Theme, Banner images are hidden when the screen size is reduced below 1024 pixels.

Steps to Replicate:

1. Log into Blackboard Learn as System Administrator
2. Ensure that the *Bb Learn 2016* Theme is being used, and a Banner image is set
3. Resize screen to make it smaller than 1024 pixels wide

Expected and Observed Behavior:

The Banner image is not displayed.

Information: This is functioning as designed. Since there is no standardized size imposed on banner logo images, there can be issues in mobile environments by covering up controls.

Target Release: Functioning as Designed

Patch Available: No
