## On Ultra Courses Content Added via Cloud Storage is Saved in Content Collection on Unwanted Path

**Date Published:** Sep 17,2019 **Category:** Planned\_First\_Fix\_Release:Functioning\_as\_Designed; Product:Content\_Management\_Learn; Version:SaaS **Article No.:** 000058703

**Product:** Blackboard Learn

**Release:** SaaS

**Service Pack(s):** SaaS

**Description:** On Ultra Courses, content added via Cloud Storage is saved on an unexpected path on the Course files on Content Collection. It is saved under courses / / READ\_ONLY /

### Steps to Replicate:

1. Access the site
2. Click on Courses and select Ultra Course
3. On Course Content, click on the '+' sign and add content from cloud storage
4. Select a cloud storage which would work for you and authenticate
5. Select a file from cloud storage and add it into the content

### Expected Behavior:

The file should be added into the Course course files on the root folder

### Observed Behavior:

The file is added on course files under <course\_ID>/READ\_ONLY/content/<pk1> folder

**Target Release:** Functioning as Designed

**Patch Available:** No
