Resource Type: Support Tools

Description:

Product Support, Maintenance, and Service Level Terms

Applicability

The product and service support, maintenance, and service level terms provided or linked-to below (“**Support Terms**”) are in addition to the terms of the Blackboard Master Services Agreement (“**MSA**”) applicable to a customer’s products or services. Support Terms may list multiple support levels and related terms, and in those instances a customer’s Order Form (as defined in the MSA) will indicate the level of Support Terms for which a customer is eligible for each product or service. In the absence of such an indication, a customer is eligible for the most basic level of support. (For example, if Silver and Gold levels are provided, in the absence of an indication to the contrary in an Order Form, the customer is eligible for Silver level support.)

If a customer has ordered a product for which Support Terms do not appear herein, only the terms of the MSA govern such support, maintenance, and service level terms. Notwithstanding anything to the contrary, nothing in these Support Terms shall negatively affect Blackboard’s limitations of liability provided in the MSA.

Changes in these Support Terms

Unless otherwise indicated in a customer Order Form or in these Support Terms, the Support Terms applicable for the initial term or any renewal term (as applicable) of a customer’s contract are those Support Terms that were in effect as of the commencement of that initial term or the particular renewal term (as applicable) related to the relevant product or service. (Customers may obtain a copy of the terms then in effect for any product or service by contacting their account executive.)
