Description: Text added via the new Content Editor as code snippets does not add carry return at the end of the line in an item or Question Text like an essay.

Steps to Replicate:

1. Log into Blackboard Learn as System Administrator
2. Navigate to **System Admin > Courses > Create a test Course**
3. Enter the Course created in Step 2
4. Select **Tests > Build Tests > Assign name**
5. Select **Create Question > Essay**
6. Create a question > Click on the ***{;}** icon for adding a code snippet
7. Add some lines of Code:

```
#include (iostream)
#include "hello.h"

int main() {
std::cout (( task_1() (( '\n';
return 0;
}
```

Expected Behavior:

The carry returned is respected after each line of code.

Observed Behavior:

Upon saving the question, the code displays on one single line:

```
#include (iostream) #include "hello.h" int main() { std::cout (( task_1() (( '\n'; return 0; }null
```
