

Blackboard

Cannot Restrict 'Set Language Pack' Privilege in ULTRA

Date Published: Jul 08,2022 **Category:** Planned_First_Fix_Release:SaaS_v3900_46_0;
Product:Users_and_Role_Management_Learn,My_Blackboard_Learn,Language_Packs_Learn; Version:Ultra **Article No.:** 000075635

Product: Blackboard Learn

Release: SaaS

Service Pack(s): Ultra

Description: After restricting the permission of Setting Language Pack from a system role, users with this role can still modify their language settings, even if there is one single language pack available

Steps to Replicate:

1. Login to **Blackboard Learn** as Administrator
2. Navigate to **System Admin**
3. Go to **System Roles**
4. Find the Role **NONE** (As an example)
5. Click on Role menu **chevron** > **privileges**
6. Restrict the following privilege: **My Settings > Settings > Personal Information > Change Personal Settings, Set Language Pack**
7. Create a user and assign the system role **NONE** to it
8. log in as the user with the role NONE
9. Go to **Profile**
10. Go to **Language** and click on **Edit**

Observed Behavior: You can edit and change the LP

Expected Behavior: User should not be able to edit their LP

Profile Settings

Language Settings

Select the language you want to use throughout the system

Default Language

System Default (English (United States))

System Default (English (United States))

English (United States)
