Blackboard

Students Cannot Select an Answer in Ultra Assessments when Voice Control is Activated on iOS

Date Published: Sep 17,2021 **Category:** Planned_First_Fix_Release:SaaS_v3900_26_0; Product:Course_Tools_Learn; Version:Ultra **Article No.:** 000075878

Product: Mobile

Release: SaaS

Service Pack(s): Ultra

Description: When Voice Control is activated on iOS, the students cannot select an answer in Ultra Assessments

Steps to Replicate:

1. On an **iOS** device log into **Blackboard Learn**
2. Select an **Ultra Course** that contains an **Assessment**
3. Enter the **Assessment**
4. Enable/Activate **Voice Control** on the device
5. Select an **Answer** for a Question

Observed Behavior:
When trying to select an answer, it does not remain as selected.

Expected Behavior
Once an answer is selected, it should remain as selected.

Target Release: SaaS - Fixed (v3900.26.0)
